

DECLARATION OF EMERGENCY**Department of Environmental Quality
Office of the Secretary****Log #OS039E3
(LAC 33:I.4501 and 4719)**

In accordance with the emergency provisions of R.S. 49:953.B of the Administrative Procedure Act, which allows the Department of Environmental Quality (Department) to use emergency procedures to establish rules, and of R.S. 30:2011 and R.S. 30:2074, which allows the Department to establish standards, guidelines, and criteria, to promulgate rules and regulations, and to issue compliance schedules, the Secretary of the Department hereby finds that imminent peril to the public welfare exists and accordingly adopts the following emergency rule.

This is a renewal of Emergency Rule OS039E, which was effective November 16, 2001, and renewed effective March 16, 2002 and July 14, 2002. The department has begun rulemaking (Log #OS039) to promulgate this regulation.

The Department relies on analytical data submitted both directly and indirectly to the Department to determine compliance with both state and federal regulations. As a result of deadlines established in current Louisiana regulations, the Department is prohibited from accepting data from commercial laboratories that have not received departmental accreditation. This rule will allow the Department to accept data from laboratories that have submitted complete applications and supporting documents, have submitted documentation verifying certification/accreditation by a department-approved accreditation program or supporting documentation showing the quality assurance and quality control program used to generate analytical data by the laboratory, and have paid all appropriate fees. A finding of imminent peril to public health, safety, and welfare is based on the inability to accept and review analytical data. Furthermore, the environmental analytical laboratory industry could suffer a loss of jobs.

The Department is adding an exemption for personnel monitoring services and those activities specifically licensed in accordance with LAC 33:XV.Chapter 3.Subchapter B, equivalent agreement state regulations, and the Nuclear Regulatory Commission regulations, Title 10 *Code of Federal Regulations*, due to the fact that they are licensed under other department regulations and to prevent an additional economic burden and duplication of effort by the department.

The Department relies on the analytical data to determine permit compliance, enforcement issues, and effectiveness of remediation of soils and groundwater. Permit issuance and compliance are effective means of determining the impact on human health and the environment. The Department must have access to accurate, reliable, precise analytical data in order to meet its mandate to protect human health and the environment.

This Emergency Rule is effective on November 11, 2002, and shall remain in effect for a maximum of 120 days or until a final rule is promulgated, whichever occurs first. For more information concerning OS039E3, you may contact the Regulation Development Section at (225) 765-0399.

Adopted this 7th day of November, 2002.

L. Hall Bohlinger
Secretary

Title 33
ENVIRONMENTAL QUALITY
Part I. Office of the Secretary
Subpart 3. Laboratory Accreditation

Chapter 45. Policy and Intent**§4501. Description and Intent of Program**

A. – D. . . .

E. This Subpart shall not apply to the following:

1. laboratory analyses programs accredited under the regulatory and statutory authority of the Louisiana Department of Health and Hospitals; and

2. personnel monitoring services in accordance with LAC 33:XV.430.C and to those activities specifically licensed in accordance with LAC 33:XV.Chapter 3.Subchapter B, equivalent agreement state regulations, and the Nuclear Regulatory Commission regulations, Title 10 Code of Federal Regulations.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2011.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, LR 24:917 (May 1998), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:1434 (July 2000), LR 29:***.

Chapter 47. Program Requirements**§4719. Implementation**

A. – B. . . .

C. The department will accept analytical data generated by laboratories that do not comply with the deadlines established in Subsection B of this Section for accreditation if such laboratories:

1. have submitted a complete application form and supporting documents;

2. have submitted documentation verifying certification/accreditation by a department-approved accreditation program or supporting documentation showing the quality assurance and quality control program used to generate analytical data by the laboratory; and

3. have paid appropriate fees.

D. These regulations shall not apply to field tests as defined in LAC 33:I.4503.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2011.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, LR 24:922 (May 1998), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:1436 (July 2000), LR 29:***.
